

# Team Football Chess Tournament

## RULES (28.9.2005)

- Each team can have any reasonable number of players.
- The order of players is free of choice.
- A player must complete two tasks: *Football task* and *Chess moves*.
- Football task:
  - Player must bring the ball to the goal at the other end of the field by using the rules of football.
  - There are two balls, one for each team.
  - Player must not interfere the other team.
  - Once succeeded, the same team member must make a Chess move.
- Chess move:
  - Normal Chess rules apply except that there is no order of moves.
  - There is no time limit for thinking, but also no need to wait for the other team.
  - In case of making conflicting moves, the one who touched the piece first, has the priority. Except that the piece from the hands of opponent cannot be taken.
  - Players can communicate with each other.
  - Once move completed, next player must perform the football task.
- Game ends when checkmate appears on the board.
- Rules are subject to changes if serious flaws appear during the tournament.
