

Blanco-IMPIT scholarship 2009

Blanco Oy Ltd. is a growing, innovative, results driven software company specialising in professional data destruction solutions and operating in a casual but professional atmosphere. Currently we have 37 employees in Joensuu/Helsinki offices and a further 20 personnel in our multinational Blanco area offices. Our customers are in both the public and private sector and include various government departments, major corporations and IT recyclers.

We announce two industrial scholarships sponsored by Blanco Ltd, with application deadline 7.1.2009 16:00. Applicants are required to send their application including: an application letter, academic record not older than 3 weeks, a motivation letter of at most 1 A4, and optionally a recommendation letter; in a closed envelope to the address:

IMPIT scholarship 2009
Roman Bednarik
Department of Computer Science and Statistics
PO 111
FI-80101, Joensuu

All applications will be evaluated by a selection committee. The scholarship decision will be made by, and at the sole discretion of, a scholarship selection committee. The committee can decide to not provide any scholarship.

Eligibility

Students attending the first year of International Master's Degree Programme in Information Technologies (IMPIT) at the University of Joensuu are eligible.

Selection criteria

1. Academic honesty and discipline - Absolutely clean academic shield is a must.
2. Academic excellence and activity - Student passed all of the required studies in the shortest deadline possible and with excellent grades. Other studies are considered a merit according to the grades obtained.
3. Personal qualities, talent, and demonstrated aptitudes - Applicant attaches a motivation letter. Applicants will be invited for an interview during January 2009.

Conditions

Scholarship recipient (hereafter scholar) is required to adhere to the following:

1. Scholar is expected to adhere to rules and regulations of the university and the IMPIT programme.
2. Scholar will retain high academic excellence and achievement, which will be monitored.
3. During the scholarship period, scholar is expected to not accept employment, but is expected to seek a training placement.
4. Scholar takes part in events and courses provided by Blanco Ltd.
5. Scholarship is awarded for 5 months, starting January 2009.
6. The amount of the scholarship is 500 euro per month.
